**AN ANALYSIS REGISTERS USED BY INFORMATION COMMUNICATION  
AND TECHNOLOGY OFFICERS IN UNIVERSITY OF MUHAMMADIYAH  
MALANG**

By: Akhmad Rizki Mashuri

This study interested to the register which known as the sets of language items that associated with discrete occupational or social groups. The register refers to the language that used by a certain community which has the similar interest or occupation such as the language used by pilot, doctor, officer and so on, in which they tend to used registers in order to conduct the easier communication among them, to maintain efficient way to deliver the meaning of something, and quick understanding to respond the message. This research is intended to find out register used by Information Communication and Technology officers in University of Muhammadiyah Malang. The goals of this research were: first, to to know the meaning of registers in that office, second, to catch the meaning of registers used by the officers in the office, third, to classified word-formation of registers used by Information Communication and Technology officers in University of Muhammadiyah Malang.

Therefore, this study used descriptive qualitative approach, and research subject was 3 participants who indicated as the one of internet computer operator and two of administration staff. This study used the observation, interview, and document analysis as instruments to obtain the purposive data related to the research problems. And afterwards, the entire data are analyzed based on the kinds of word formation process which cover the compounding process, acronym, derivation, and clipping.

Based on the research, result of this study showed that 97 registers are totally remained in this community, and through word formation process, it is found that 17 registers are processed by compounding, 13 are acronym, 4 are formed by clipping, and 12 are derivation. Those are, the content of my present study on topic of registers used by Information Communication and Technology officers in University of Muhammadiyah Malang.

*Keywords : registers, Information Communication and Technology officers.*

Advisor I,

The researcher,

DR. Sri Hartiningsih, M.M.

Akhmad Rizki Mashuri
